Test Comments: *This site was planted into very soil good conditions. Ray, our host farmer, is a dairyman and all his nutrients are supplied by manure. During a September site visit, it was noted that there were very few signs of nitrogen deficiency. Ray also said that they received about a half inch of rain per week during July and that August was a little cool.*

† See last page for abbreviation descriptions. Dark colored row identifies the check product found in early- and full-season tests. **Bold** yields are significantly above test average by LSD(0.10). **Italicized** brands exceed the grain moisture limit for this test. **ns** = column values not significantly different
