

TITAN PRO POWER RESULTS

SOYBEANS

SOUTHWEST MINNESOTA/ SOUTHEAST SOUTH DAKOTA

Titan Pro's soybean selection is showing strong results across all regions as multiple products look to be consistent in both First and University trials for the 2017 growing season. The Roundup Ready 2 Xtend soybeans are great yielding products with solid agronomic packages. Xtend soybeans will continue working their way onto more grower's farms in 2018. Roundup Ready 2's and Liberty Soybeans also continue to show dominating performances across all regions and will be widely used in 2018.
