

Exciting Yield Potential With Top Notch Standability

- Excellent IDC tolerance
- This soybean can be placed on all soil types and yield environments
- HRps 3a gene for PRR protection
- PI 88.788 cyst protection

PLANT CHARACTERISTICS

| | |
|------------------|----------|
| Flower Color | Purple |
| Pubescence Color | Lt Tawny |
| Pod Color | Tan |
| Hilum Color | Brown |
| Plant Height | M |

POSITIONING & ADAPTABILITY

| | |
|--------------------------|-----|
| Yield Score for Maturity | 9 |
| Light Soils | 8 |
| Heavy Soils | 8 |
| Row Width | ALL |
| Sudden Death Syndrome | N/A |

AREA OF ADAPTATION
