

PROVEN HYBRID THAT CAN TOP THE YIELD CHARTS IN HIGH FARM MANAGEMENT SYSTEMS

- Excellent Goss's Wilt tolerance
- Push the population to medium high for full potential
- Great hybrid in zone & moving south
- Responds well to fungicide & sidedress application for top-end yield

AGRONOMIC CHARACTERISTICS

Yield for Maturity.....	5
Root Strength.....	4
Stalk Strength.....	3
Green Snap.....	3
Stay Green.....	3
Stress Tolerance.....	4
Emergence.....	3

DISEASE TOLERANCE RATINGS

Goss's Wilt.....	5
Anthrachnose Stalk Rot.....	3
Common Rust.....	NA
Gray Leaf Spot.....	3
Northern Leaf Blight.....	4
Tar Spot Complex	3
Fungicide Response.....	4

HYBRID POSITIONING & ADAPTABILITY

Harvestability.....	3
No-Till.....	4
Corn on Corn.....	4
Light Soil.....	4
Heavy Soil.....	4
Marginal Fertility.....	4
Highly Productive.....	4
Dual Purpose.....	3

AGRONOMIC CHARACTERISTICS

GDU'S to Mid-Pollination	1350
GDU'S to Black Layer	2730
Refuge Requirement	5% RIB

Leaf Angle	Semi-Erect
Plant Height	Medium
Ear Height	Medium
Ear Type	Semi-Determinate
Population	Medium - Medium High
Test Weight	4

Test Weight Rating Scale (1-5)
A higher score indicates a heavier test weight.

NOTES

5 = EXCELLENT 4 = VERY GOOD 3 = AVERAGE 2 = BELOW AVERAGE 1 = POOR

*All ratings presented are from past performance and do not ensure future results

VERSION 512021

Bayer Company is a member of Excellence Through Stewardship® (ETS). Bayer products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Bayer's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. This product has been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

B.t. products may not yet be registered in all states. Check with your representative for the registration status in your state.

IMPORTANT IRM INFORMATION: RIB Complete® corn blend products do not require the planting of a structured refuge except in the Cotton-Growing Area where corn earworm is a significant pest. **See the IRM/Grower Guide for additional information. Always read and follow IRM requirements.**

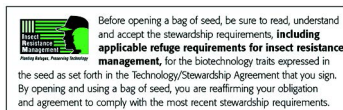

DroughtGard® Hybrids with RIB Complete® corn blend the refuge seed may not always contain DroughtGard® Hybrids trait.

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Roundup Ready® 2 Technology contain genes that confer tolerance to glyphosate. Glyphosate will kill crops that are not tolerant to glyphosate.

Performance may vary from location to location and from year to year, as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible and should consider the impacts of these conditions on the grower's fields.

DroughtGard®, RIB Complete®, Roundup Ready 2 Technology and Design®, Roundup Ready®, SmartStax®, and VT Double PRO® are trademarks of Bayer Group. Respect the Refuge and Corn Design® and Respect the Refuge® are registered trademarks of National Corn Growers Association. All other trademarks are the property of their respective owners.

LibertyLink® and the Water Droplet Design® are registered trademarks of BASF Corporation. Herculex® is a registered trademark of Dow AgroSciences LLC.

Agrisure®, Agrisure Duracade® and E-Z Refuge® are registered trademarks of a Syngenta Group Company.

Important: Always read and follow label and bag tag instructions; only those labeled as tolerant to glufosinate may be sprayed with glufosinate ammonium based herbicides.

More information about Agrisure Duracade® is available at <http://www.biotradestatus.com/>.

Agrisure® Technology incorporated into these seeds is commercialized under license from Syngenta Seeds, LLC. Herculex® Technology incorporated into these seeds is commercialized under license from Dow AgroSciences, LLC. HERCULEX® and the HERCULEX Shield are trademarks of Dow AgroSciences, LLC.
