

2023 CARBON CROP KEY DATES

Carbon™ by Indigo® provides the leading path for growers who want to maximize revenue from carbon credit generation. Below is an overview of key dates for growers participating in the 2023 Carbon Crop.

2023 CARBON CROP KEY DATES

■ Enrollment Deadline 1: May 1st, 2023

Growers must create an account, add fields, and sign a contract before this date to qualify for a 24-month practice change window. First-time practice changes made any time from Harvest 2021-Harvest 2023 may count towards credit generation.

■ Enrollment Deadline 2: September 1st, 2023

Growers must create an account, add fields, and sign a contract between May 2nd, 2023 and this date to qualify for a 12-month practice change window. First-time practice changes made any time from Harvest 2022-Harvest 2023 may count towards credit generation.

■ Enter Records: Anytime
